

Victor Smorgon Group

September 2024

Victor Smorgon Group is one of Australia's most established and successful family offices, having built sustainable wealth over four generations. Along the way, we've created a house of strong partnerships and refined our unique insights, access and knowledge - connecting us to better investment opportunities more often. The Group currently operates across industries including agriculture, commodities, consumer goods, property and global equities. We remain dynamic in our investment and category selections.

Established in 2019, Victor Smorgon Partners, the Group's privately owned Family Office Investment platform, operates under an Australian Financial Services Licence.

Victor Smorgon Partners not only invests on behalf of the family of the Victor Smorgon Group, but for those wishing to access the same compelling opportunities to build their own generational wealth.
